# #VOYEUR SPYING ON MY NEIGHBOR

**I**t had been almost a month since the tiny cameras I hid in Riley's apartment had given me the opportunity to watch her body during her secret escapades. And I had seen beautiful things already. That first time, the evening after she came back from her vacation, had only been the beginning. No one in their right mind would never have suspected the shy girl to be the vixen she was.

For starters, she liked to be completely naked. She walked around the apartment wearing nothing but socks, or not even those. She watched TV naked, she studied naked, and she had lunch naked. Sometimes she also left the apartment that way, quickly grabbing something to eat from the kitchen. I could have easily walked out of my place to run into her not-so-accidentally, but I was too afraid she would get startled and stop doing it. So, I just watched her through the cameras, one hidden in her small bedroom, the other in the living room, or through the one I had pointed at her shower weeks earlier. Riley wasn't a nudist as such, for she is only undressed for one reason in particular: the strong urge to play.

Riley stood up. She didn't seem to stand too steady on her feet (who could blame her?), but she managed to stay upright. For a moment, it really looked like was dancing, but in fact, she had taken hold of the bottle of gin and used her free hand to rub herself.

“

*Suddenly, she sat down on her knees. She placed the gin bottle in front of her and started to suck it as if it were a long, thick shaft.*

She walked around the apartment, from her living room to her bedroom and back; all the while sipping from the bottle and hiding her hand between her legs. She sat down for brief moments before getting back up again, but never stopped playing as she did. So far, it had just been her hand she had been using, but a short trip to the bedroom later, she had help.

Suddenly, she sat down on her knees. She placed the gin bottle in front of her and

started to suck it as if it were a long, thick shaft. She moaned into the bottle, brought it around her back and gently stroked it between her butt cheeks. Then, with a loud moan I could swear I heard through the wall a second before it came through my speakers, she pushed it inside.

It disappeared all the way into her pussy. She didn't move it, she just left it there. As she got back to strolling through her room again, she had to push it deeper inside her

every now and then to make it stop slipping out. From the bedroom cam, I could see her jumping on the bed, grabbing the other two toys and getting back into the living room. She laid down on the couch, her feet kicked up against the wall, her head hanging back and her hair touching the floor. Half of the gin she tried to drink ran over her face and dripped onto the carpet.

I heard her moaning; my door was the only thing that slightly held back the sound waves. Her body started to shake. It was the sign I had seen many times, indicating she was finally going to let go. Just before she did, I turned off the sound on my computer and walked to the door. I opened it as slowly as possible, without making any noise. For the first time, I saw Riley naked in real life. Just in time, as it turned out.

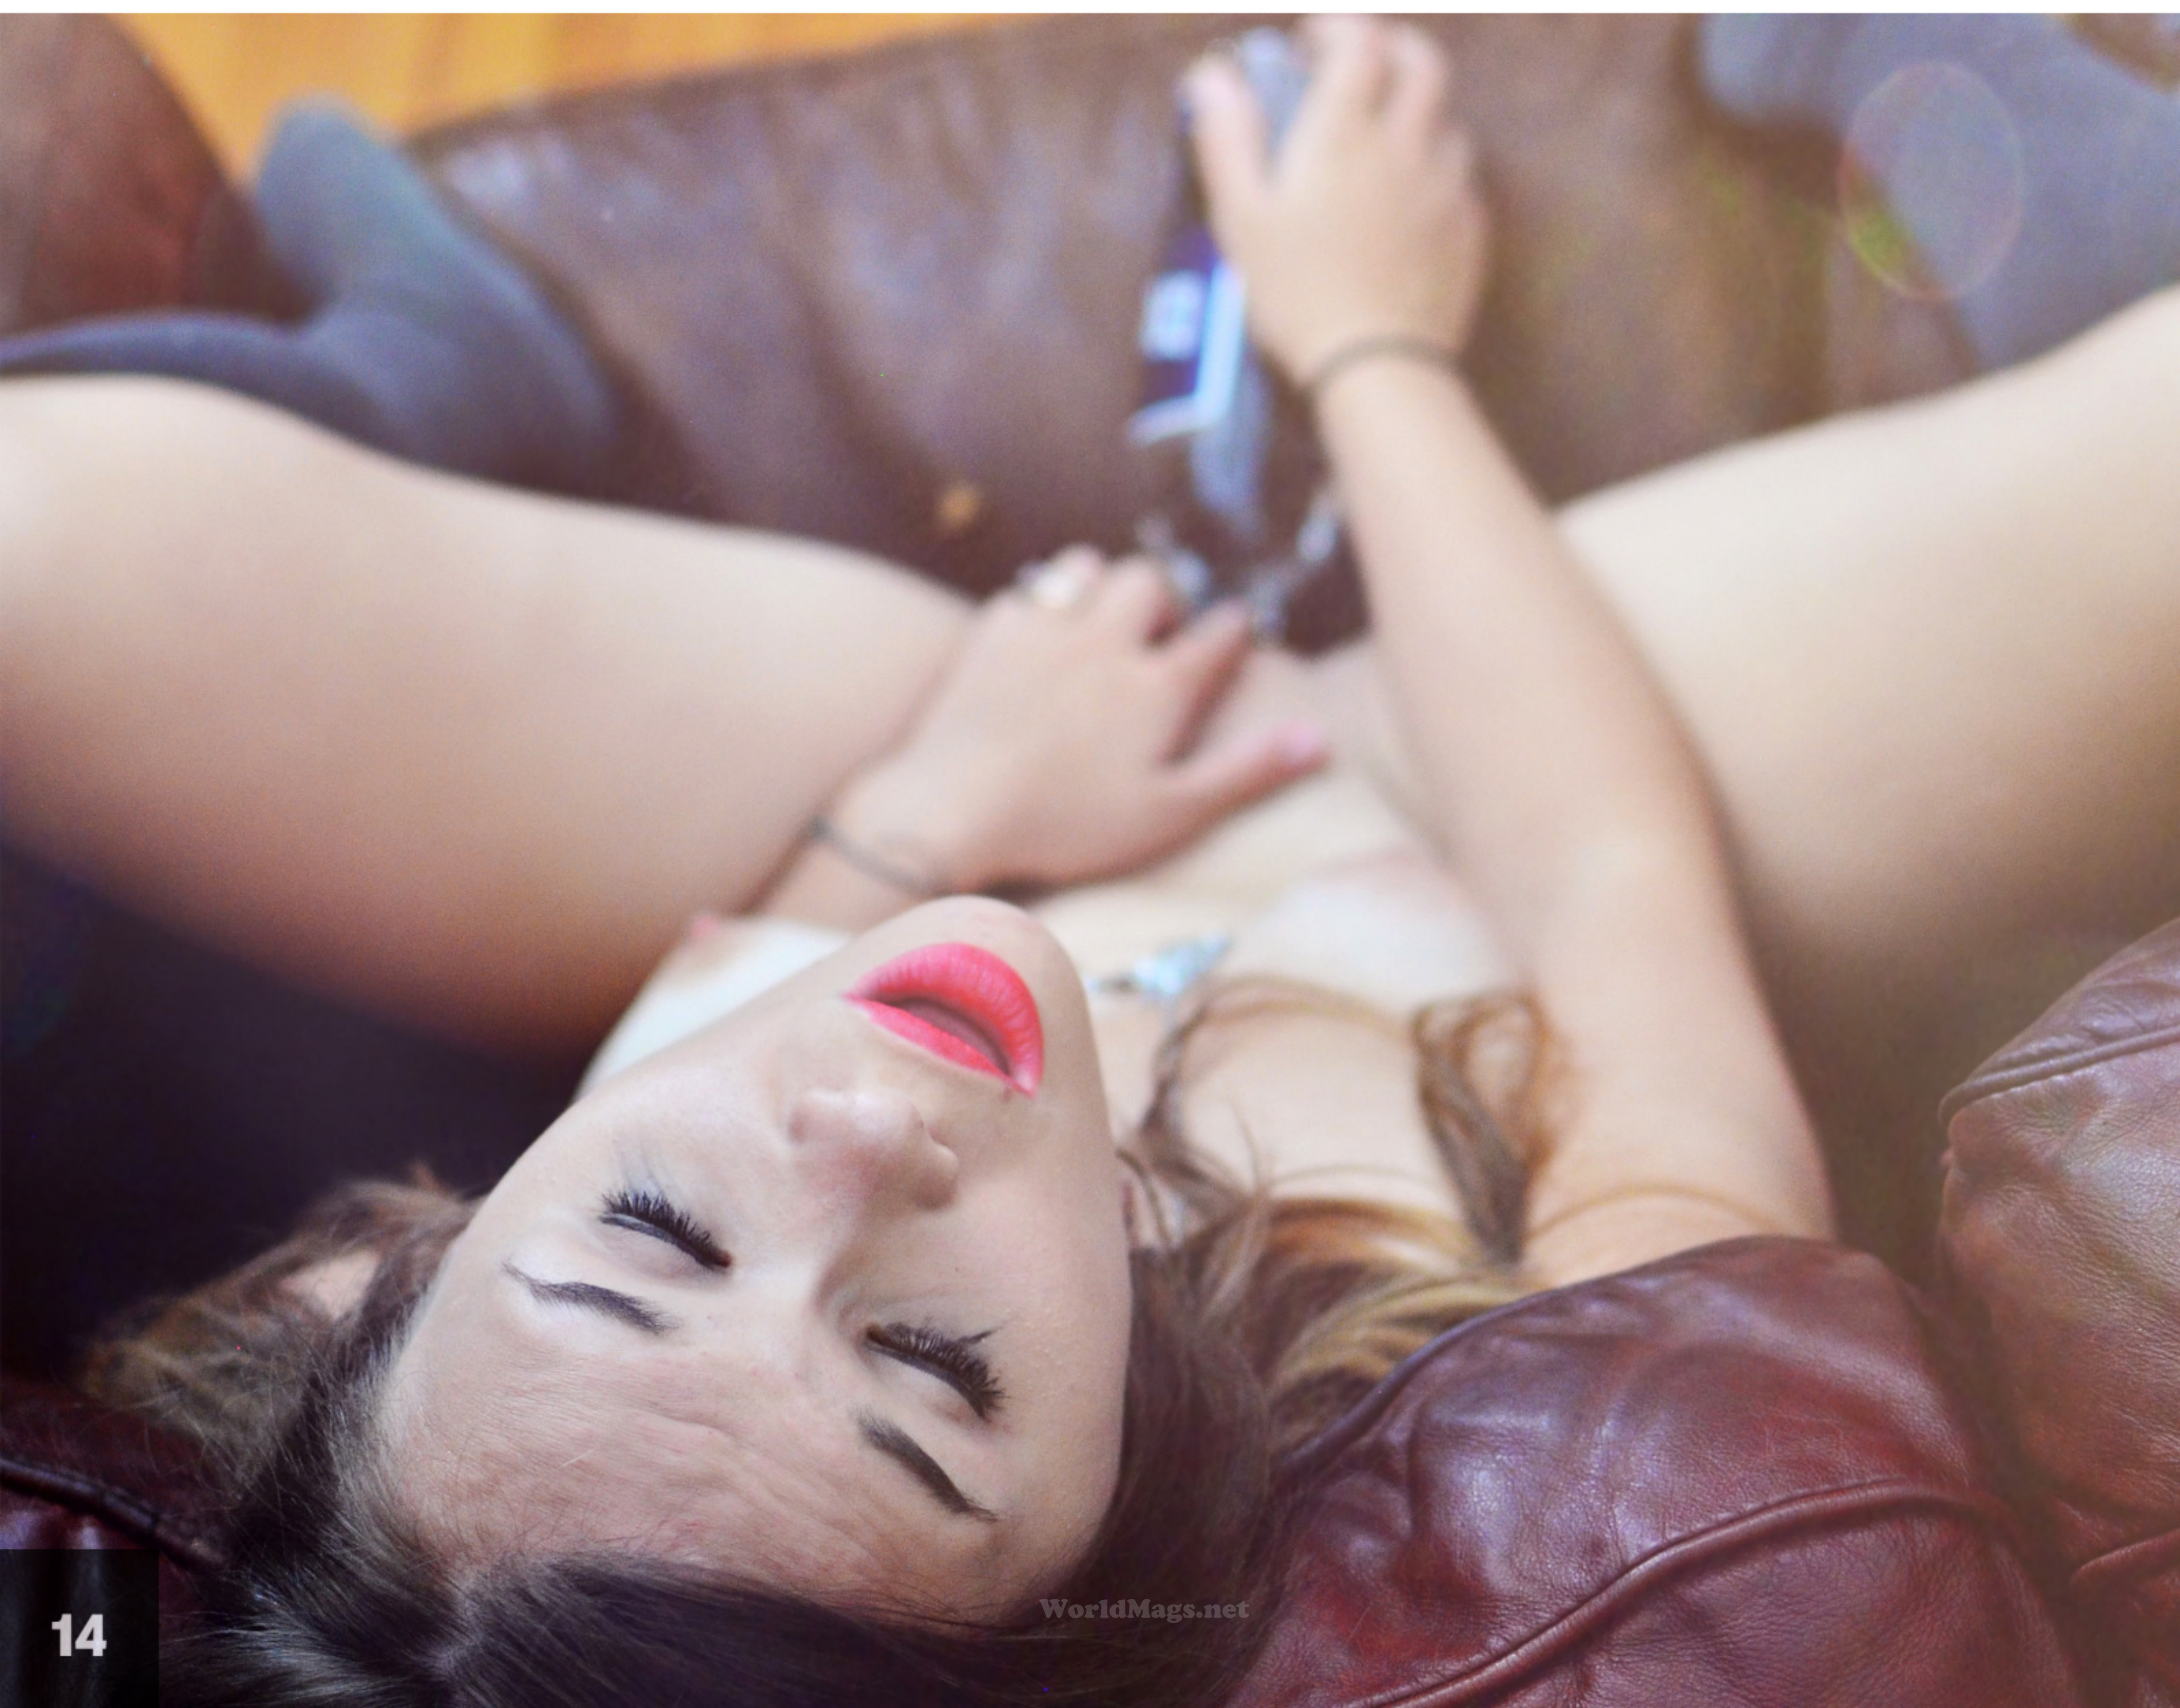

Usually, when Riley has an orgasm, she chokes for a short while, before letting it all out in quite the volcanic manner. This time, however, there was no holding back. The moaning turned into the screaming, random curse words came out of her mouth by the hundreds. She talked herself all the way to the edge and over it. She didn't choke. She didn't hold her breath. She just kept shouting as her body started to tremble. She slipped off the couch, screaming even louder as the bottle in her pussy got pushed in even more profound when she hit the floor. The orgasm lasted for 15 seconds, and all that time she kept pushing the bottle inside her wet pussy.

When she eventually eased down, her body was still shaking randomly. Riley crashed back down onto the floor. There she lied, the bottle still deep inside. Her chest was the only thing that was moving, everything else was completely tired out - or, better: asleep.

The next morning, Riley's door was closed. I didn't hear her again until late in the afternoon when she went to take a shower. I didn't watch, not wanting the previous night's memories to fade. In a way, we were both entirely happy: Riley had had the best orgasm of her life - and I had been there to watch it happen.

**#BACK TO SCHOOL**

# SCHOOLGIRL MILF

**N**ikki knew she had to hurry, her husband's friend Craig was waiting for her downstairs in the kitchen. She turned and looked in the full-length mirror one more time at her fancy dress costume she was wearing to the work party that night. Her husband of ten years, John, had been dropping unobvious hints lately about her old school uniform, wondering aloud if she could still fit into it after two children.

To her delight, Nikki could even squeeze into the little-pleated skirt, although her hips and thighs had spread a bit. To complete the effect of the naughty schoolgirl she had bought some black shoes and knee length white socks. The white blouse was easily found as was the tie. As for the little-pleated skirt, Nikki took up the hem, and she liked the effect. It was almost obscenely too short; whenever she did anything other than standing still, it would ride up and give a teasing glimpse of what lay beneath. To finish the costume, she chose her underwear with care. A push-up bra and black, high cut, very sheer and flimsy panties was a wicked contrast to the shy, innocent schoolgirl on the surface.

“Hey Craig,” said Nikki, spinning lightly, so the little skirt rode up, “Do you like my costume?”

Craig’s jaw had dropped, and Nikki enjoyed the effect it was having on her husband’s friend and decided to flirt a little more. She reached across the table to pick up her handbag and could almost feel Craig’s eyes on her panty encased bottom.

“Gotcha!” Thought to herself. Staying where she was and turned to look at the nearly slobbering Craig, Nikki continued.

“Do you really like my costume, Craig, you didn’t say.” Craig gulped and stood mo-

tionless except for an expected stirring in the groin.

Nikki was heady with the power she had over the poor man. “I tried it on for John last night, and you might say it’s well and truly broken in.” Craig gulped again, and his face became more and more flushed; Nikki flirted some more. “You’re looking at my panties, aren’t you? Do you like them? I was going to wear the normal white cotton ones, you know as all those school girls wear, but, you see, I’m going as the naughty schoolgirl, and I guess this is the only way to let people know if they can see my panties.”

Nikki was confident she was in control and could stop the situation anytime. Yet, her head quietly throbbed with anticipation and continued her tease. Craig had moved closer and struggled to control his raging member.

“Tell me something Craig,” she leaned further over the table, her skirt riding higher, “do you like my panties like this?” She gave

Craig her best ‘come to fuck me smile’ and hitched her fingers in the sides of her panties. She jerked them up and, with a plop, both cheeks fell from their flimsy confines, and the gusset framed her bulging and moist vagina perfectly. “Or do you like my panties like this?”

Craig moved closer and commenced caressing the woman’s arse cheeks.

“

*OH GOD! You're fucking  
me with your thumb!  
Shove it in harder! Ahh!*

She sighed at the touch and arched her back to allow better access to her hidden vagina. Craig could see the effect his attentions were having on Nikki, the mirror on the wall behind the kitchen table show her parted cherry lips and half-closed eyes.

He trailed his thumb down the length of her crack and pushed against the fabric. She gulped and raised one of her knees to the table.

“Push it in, just a little bit,” she whispered. Craig obeyed. Nikki trembled with lust as the man’s thumb entered her pussy taking the thin material with it. She wasn’t doing anything wrong, she reasoned - still had

her panties on, besides she could always stop. The thumb was pushing in further. It hurt a little as it dragged at her pussy lips, but when it slid across her swollen clit, she had to bite her lip to stop from crying out.

Craig had begun a soft rhythm of gently fucking her with his panty clad thumb, and the squelching noise of sex filled the kitchen as the housewife’s juices began to flow.

“No, oh... Craig, we have to get going,” she said unconvincingly, “we’ll ahh, be late.” Nikki had decided that she would let him have a few more thrusts, and then they must go. There is only so much punishment a pair of panties can take.

Suddenly the flimsy fabric of her naughty schoolgirl panties finally gave way, and Craig's thumb lunged deep into her cunt, nudging her cervix.

"OH GOD!" she cried, "You're fucking me with your thumb! Shove it in harder! Ahh!"

Nikki had lost control, and she bucked and writhed and grunted out her sloppy orgasm against the man's thumb.

Craig withdrew his thumb, Nikki flopped to the table, exhausted, her juices flowing freely from her torn panties. She then felt the heat of Craig's raging cock as he slapped it against her cheeks and nudged into her moist crevice.

No! Her mind screamed as she realized she was not on the pill and, turning around quickly, she dropped to her knees and beheld another man's penis for the first time in her life. She went cross-eyed as she gazed at it.

She looked up at Craig's face as she slid it past her ruby lips and into her small mouth. She did all the right things John had taught her; she tongued the tip and licked along the sides of the shaft. She felt deliciously naughty, and half wished her husband could witness her little performance. She started fingering her pussy through her torn panties.

She teased him some more. “Do you think I make an excellent naughty schoolgirl?” Slurp! Lick! “I’ve never been fucked by another man before”, she declared relishing the use of such dirty language and bobbing her pretty head up and down his raging penis. Craig just grunted, he was lost for words.

“Would you like to be the first to fuck this naughty schoolgirl? We could pretend I’m still a virgin, and I could squeal a little bit!” Nikki thought how ridiculous that sounded but it was having a profound effect on

Craig, and that was what she wanted. She continued her slurping and flirting.

Craig responded by withdrawing his cock and squeezing the tip, so he wouldn’t come too soon. Nikki stood and kissed him deeply. He could taste his cock in her mouth.

“How would you like to fuck me?” She breathed.

“Like a dog”, he replied curtly.

And he did!

# THE “WESTWORLD” CONCEPT OF A SEX ROBOT IS FINALLY HERE.

# RealDoll X Harmony

Harmony is unlike any simple doll that you may have seen before. She is a combination of the highest quality doll in the world with advanced robotic components and is powered by the ultimate customizable AI to deliver the most enjoyable conversation and interaction you can have with a machine.

The eyes are synchronised with the application and look around and blink for a lifelike presence. Built-in cameras are in development.

Her gorgeous looking mouth has lip-synced mechanisms installed to assure her lips move according to the corresponding phonemes when she speaks and allows for multiple expressions.

Harmony's body is skilfully crafted down to the most delicate details. Although it is not equipped with animatronic parts yet, it can be positioned and moved into hundreds of positions.

The modular face system was designed to enable users to attach different faces to the same skull base, allowing for multiple characters on one platform.

The Harmony AI app is the brain that runs the robotic head. You will need to download the app and synchronise it with the head via Bluetooth, and your robot will 'come to life'.

Harmony's body can be equipped with sensors in different areas to allow her to feel your touch, as well as internal heating and self-lubrication that responds to the AI software.

Harmony's head can turn left, right, up and down. The neck comes with a modular adaptor enabling it to be attached to many different bodies.

*Owner and Creator of RealDoll and Re-albotix Matt McMullen goes over some of the features of Harmony.*

Down the road, there are plans to create eyes for Harmony with built-in cameras that track the operator around the room. McMullen would also like to develop robotic arms that could hug and hold hands with the owner.

In a quest of creating an authentic female replica, the sex doll Harmony is the first step. There is a substantial audience for realistic sex dolls, and robotics is a natural next step in their evolution to bring Harmony to life.

**The sex robot Harmony can smile, blink and gaze into your eyes, but she is not capable of having sex like a real woman.**

**Moreover, she can't give you a hand job, thrust her hips or go down on you. Harmony's robotics are limited to an animated head but, the author McMullen says, more-life-like genitalia isn't far behind. He says the obvious things - touch sensors, heating, self-lubrication, vibration - will be easy enough to implement soon.**

# GIRL WITH THE GLASS DILDO

# GLASSES LOVES

***She turns on her computer and brings up her live website. Typing rapidly she opens the site and scans to see how many are logged in and waiting. A record crowd tonight! Well, well her satisfied customers are telling their friends, and her fame is spreading.***

Not your average webcam babe, she is a thirty-something tattooed slut with long hair and a lush woman's body with ample curves. She has a stunning smile and bright shining blue eyes a light complexion with

flawless skin that glows in the soft light.

She smiles into the camera and welcomes all her visitors telling them in a breathless whiskey voice that she hopes they enjoy the show.

Turning on the soft bedside lights, she sprays the sheets with her favorite perfume Morning Dew by Anne Oakley. It smells like a fresh summer morning, of lilies and lilacs.

As she sprays the sheets, she describes the scent and tells her unseen audience how it makes her feel, hot and aroused wanting to be fucked but since she is alone she must satisfy herself as best she can.

As she begins to rub and caress her own body she lies down on the bed and slowly begins to tease her audience with her fingers sliding under her thong, spreading her legs wide then pulling them back together again giving just a glimpse of her pussy. Turning, so her butt is high in the air she slides her fingers into the straps of her thong and slowly wiggles out of it. With her ass high in the air, she looks over her shoulder smiling and bringing the thong to her nose and inhaling deeply she licks her lips, leaving them wet and glistening. Still, on her knees, her wet open cunt and tight asshole are pointed right at the camera. She smiles a sly smile over her shoulder and flipping over opens her legs wide. She rubs her clit with her fingers, licking them and sucking them deep into her mouth.

She takes a minute to open her drawer and pulls out a dildo, holding it up toward the camera. It is a 9 long 1 circumference glass tube with knobs that look like bubbles all the long length of it. She prepares it by lick-

ing and sucking on it, rubbing it against the inside of her cheeks poking it out making it look like she is sucking a cock with her mouth. Sucking it in and out slurping and moaning.

When she has warmed the dildo, she inserts its wet tip into her and begins to use her muscles to suck it into her pussy.

As she fucks her own pussy with her long slim glass dildo, teases her clit with the butterfly and sucks and nibbles her own tit, she moans louder and louder as an orgasm overtakes her and her whole body shakes. Moaning her enjoyment louder and louder she comes again.

On the other side of the webcam her audience, many of them return customers are impressed with her performance and satisfied that their money had been well spent. She will be on tomorrow same time, the same place and give her all for the camera and her audience again.

# #ASSWORSHIP FUCKED IN HER

# HARD ASS

***I want you, now I said and put my arms around her and kissed her. As we kissed I felt her rubbing my cock through my pants, “I want you too” she said. We went up to my room since my bed was the closest. Once in my room, we undressed. We had waited for a new chance for a week and were too horny to take it slow.***

When we were naked, we kissed again. As we kissed I put one hand between her legs

and rubbed pussy and clit gently. While she had her hand around my cock stroking me slowly. We stood like that for a while. Kissing and pleasuring each other with our hands. I broke the kiss and told her to sit on the edge of my bed. She sat down, and I got down on my knees in front of her.

I started kissing the inside of her thighs, slowly making my way up to her pussy. “Mmm that feels so nice” she said, her voice laced with pleasure and lust. My lips reached her pussy, and I licked her clit before taking it between my lips. Gently sucking on it. I enjoyed the sounds of her soft moans as I touched her.

I slowly inserted two fingers into her, my lips and tongue continued to play while I fingered her. I loved the taste of her pussy and knew it gave her so much pleasure made it all even better.

After a while, her breathing got heavier. I knew she was getting close, and I started going a bit faster. I felt her legs clamp around my head, but I continued as best I could while her orgasm started flowing through her body. She let out a long, loud moan as she came. After a bit, she relaxed. I pulled my fingers out of her, gave her clit a final kiss. Before climbing on to the bed next to her. I lay down beside her and kissed her.

Lisa rolled over, ending up laying on top of me. She kissed me again before sitting up. She sat up on her knees. Took my cock in her hand and guided it in her while lowering herself down on me. I placed my hands on her sides while she rode me, enjoying the sight of her tits swinging in rhythm with our fucking.

I moved my hands and started playing with her breasts. Cupping her tits, lightly pinching her nipples. Lisa moaned and leaned down. I took one nipple in my mouth, sucked on it, licked it. I could feel Lisa rising and lowering herself on my cock while I played with her breasts.

We moaned together as we fucked, passion and lust building in our bodies. I could feel the pressure building in my balls as my step-sister kept riding me.

As our bodies came together one final time, I let me cum shoot into her wet heaven. I grunted and closed my eyes as the buzz of my orgasm filled my body. Lisa sat still on top of me until my cock started softening. Lisa lay down on top of me and kissed me.

I put my arms around her, and we kissed like that for a while. "Thank you, that was great," she said smiling. "it really was" I answered grinning back to her.

We lay in my bed for a long time, kissing and talking. And caressing each other's bodies. I asked if it felt good when I fingered her ass. And she told me it felt wonderful. She said she had never been fucked in her ass before.

We kissed and caressed some more in silence. I could feel my cock waking up again. Lisa noticed that. She stopped kissing and looked at me, apparently making up her mind about something. Lisa kissed me on the lips, then the tip of my cock. Then she got up and told me to stay before she walked out of the room. A minute or so later she was back. Lisa was holding something in her hand, it was a bottle of lube. "I want you to be the first to fuck my ass," she said, "would you like that."

"I would love to" I replied. She put a generous amount of lube on my cock and stroked me slowly a bit to get it evenly all over.

Then she gave me the bottle and sat on her hands and knees. I poured some lube on her ass and spread it around her ass. As I did that, I teased her hole with my fingers. Lisa moaned in pleasure and anticipation. I got in position behind her. "Are you sure you want to do this?" I asked her. "Yes, I am" she replied. "But please go slow and gentle."

I was so horny my body almost trembled as I placed my cock against her butt hole. My cock slid up and down her ass a bit before I started to push it in her. At first, it almost seemed her ass wouldn't open to let me in.

After a moment I was able to enter her. She groaned as I slowly pushed myself inside her. "Does it hurt?" I asked her. "A little, but don't stop" she answered, her voice was a bit strained. I continued to push inside her. Her ass felt so tight and right around my cock. And soon my whole cock was in her ass. I held still for a moment, and I could feel her ass relax a little.

"How does it feel," I asked her. "It still hurt a little, but it feels so good too," she replied between moans. I kept the same pace for a while. She got used to the feeling of my cock in her ass and told me to go a little faster and harder. "God sis, it feels so good to fuck your ass," I said while I slowly built up speed. I fucked her faster and used long strokes, my cock almost popping out of her

before pushing it back in. Lisa didn't last long this time, and soon she let out a scream as she came. Her ass clenched around my cock, and the combination of that and her orgasmic scream made me shoot my load into her ass.

After we finished fucking we lay down and relaxed next to each other. I asked Lisa how she liked being fucked in the ass. She told me it hurt a little, especially in the beginning. But it felt delicious too. She wanted to do it again sometime, but it would have to wait a little while. We spent the rest of that day relaxing around the house, hoping for better weather. We didn't have any more sex that day, I think Lisa was a bit sore.

# SLAVE PAYS MASTER'S DEBT

**F**or almost a year now, Emma and I had been experimenting with a little innocent bondage. She had enjoyed me tying her to the bedposts with silk scarfs. We tried it with me too, but I felt too uncomfortable with it, even though she was terrific in her efforts to please me.

It just seemed to me that men are concentrated on their penises, and women are total sexiness in every part of their bodies.

I am 33 and average, Emma is just 22 and has a fabulous voluptuous body that seems to just cry out for touching and fondling.

And often in public, I can't keep my hands off her and will steal a feel on the street or on a bus.

We added a blindfold to our bed mix, and it was such a turn on for Emma to not be able to see my actions. I would kiss and slowly lick her pussy slit for a while, switch to suckling on her marvelous breasts, then use a vibrating dildo, then my cock in her mouth before plunging my mouth over her luscious full pussy, eventually fucking her.

I had to do it this way, or I would explode myself from her sexiness!

She is, and the first time we did the blindfold she told me she came intensely almost right away. Once Emma gets going with her first few orgasms, she has no control over them, and you can see them rippling through her as she cums again and again, sometimes without even more stimulation! Getting more intense with each one. It is incredible to see and be in control of such a wanton lusty woman.

I was grateful that she accepted our experiments. When I blindfolded her after I tied her completely, Emma would be totally quiet except for her whimpering when she had an orgasm. A silk scarf around her wrists and ankles, then the black silk over her eyes. She told me she had such an erotic lust when she was tied and blindfolded and her imagination made it enjoyable. Her body became ultra sensitive.

I imagined that she imagined that she had many lovers all at the same time.

I loved seeing her creamy, lush body spread out for me like that too. Even lying on her back, her tits were massive and full. It was like having the freedom of owning a sex slave you could do anything to.

When we did it on the bed, with her tied and blindfolded, I saw her quiver and shudder and knew when it was happening. When I mounted her right after, her pussy was so slippery and juicy it was wonderful

to just slide it into her, and it almost made me cum with the first thrust! Sometimes I could just slip it in and hold there, and her tiny pulses could make me cum too! This was so lusty for me I could be within her pussy grasp of my cock that it would just go off in the most wonderfully delicious climax and I could just leave it in there to recover and was able to go again with the intensity of the situation!

# EXPLORING MY BODY

***She went into her bathroom and prepared for her nightly bath. She viewed herself in the mirror as she usually did, marveling her developing body.***

She saw an attractive young girl looking back at her. She appreciated growing into an adult body and hoped that she would be a beautiful woman. Her developing B cup breasts were silky-smooth.

She had a healthy flat stomach and long, smooth, skinny legs. Her medium length pony-tailed pink hair contradicted the dark

black hair growing between her legs.

She moved herself to the bathtub and sat on the bare coldness the empty tub delivered. She turned the water on, adjusting the temperature to suit her preference perfectly, and moved her hips to the foremost part of the tub.

She laid her back on the tub floor, feeling the cool touch that was soon seized by the warmth of the rising water. Her eyes were closed, her feet high in the air, allowing the warm water to flow onto her young, tender pussy, creating that powerful feeling of pleasure and relaxation that teenagers crave.

The water continued to rise as the approach of an orgasm grew closer and closer. She played with small, hard nipples and cupped her hand over her breasts. Every second brought more and more pleasure. Her facial expressions were both that of beauty and agony. The ruthless pleasure-giving stream of water sent her blood flowing through her veins as if it were jet-propelled. Ripples of ecstasy overwhelmed her body as she hoarsely and softly muttered, Oh,

my God. The orgasm hit like a tsunami of gratification. She uncontrollably buckled beneath the immense satisfaction produced by the flowing stream of water. She breathed quickly and profoundly as she moved her hand down to further caress her throbbing pussy. Her knees trembled back and forth; her chest rose and fell rapidly. She breathed outward in one robust and final motion like a breath exhaled from the sky as the pleasure faded away.

She relaxed in the now-filled bathtub, catching her breath, enjoying the period of calmness after an intense orgasm. She stood, forcing the water runoff of her smooth body, breaking the silence of the room. She dried herself and clothed her-

self in her nightly pajamas. She opened the bathroom door and left the humid and steamy room and entered the cold and dry bedroom. She laid her head upon the pillow wondering what tomorrow would bring.

**#CUM INSIDE**  
**WATCH ME**  
**GET FUCKED**

***His nude body pressing against hers, Grace feels his cock growing hard. Without speaking, she slowly lowers to the floor. On her knees, wraps her pouty full lips around his cock.***

Licking her tongue over his cock flesh, she feels wetness seeping through the crotch of her panties. She's wearing a blue button front shirt, and snug fitting denim shorts. As she sucks her husband's cock, the crotch of her denim shorts becomes wet as well.

When tasting his salty pre-cum, her heart-

beat quickens, her pussy quivers. And for Jack, her expert oral skills, cause his cock to become hard as steel once more. He doesn't speak, he stands to watch his green-eyed chestnut-haired wife, kneeling on the floor before him; as if she is worshiping him.

Fingering his hole with the middle finger of her left hand, she uses her right hand to fondle his testicles. His nuts were loose when she first began sucking him, now they're tight.

She loves his big nuts since she first made love to him; three years ago, she is always been amazed at how large they are. Now she gently caresses them while fingering his rectum. She looks up, their eyes meet.

He smiles and moans. “I love you, baby. Ahhh, you know how to please me.”

Hearing him exclaim his love for her, she begins jacking him off, bobbing her pretty head back and forth, using her soft lips to stroke his cock. Feeling her tongue, lips and soft hand stroking his erection. And her finger stroking his prostate. He feels cum rushing from his groin, he grunts. His knees feel weak, it takes all his strength to remain standing.

Grace tastes his hot thick sperm flooding her mouth, she keeps sucking and jacking him off. Doing this, she swallows every drop of her man’s seed. All the while looking up at him, he looks down on her smiling.

“Ok baby,” he says. Let me undress you, now it is my turn to please you.

Barley was giving her time to stand, he rips her blouse open. Little white buttons clatter over the bedroom floor. She screams softly, being startled by his sudden lustful outburst. He pulls her ruined blouse from her body, then drops to his knees, yanking her blue denim shorts down, along with a pair of silky blue bikini panties. She protests with a giggle in her voice. “Jack! What has gotten into you?”

“You’ve gotten into me, that’s what!” he says, lifting her in his arms.

Laying her gently on their bed, he kisses her passionately. His kiss sends shock waves of pleasure through her body. Moving from her lips, he kisses his way down her neck, he hasn’t shaved, his whiskers tickle her neck, she giggles. He kisses his way down her chest, laying soft kisses over each breast.

Shivers of pleasure rush over her body, when he sucks each of her long erect nipples. Her voice trembles. “Mmm, oh yes. I love the way you do that.”

He kisses his way down her tummy, teasingly licking and kissing around her belly-button. She giggles. “Jack. Stop that, it tickles.” He kisses his way around her trimmed dark-haired pubic bush. Stroking his fingers between her legs, finding her cunt, he strokes the wet lips of her vulva. Inhaling the scent of her sex arouses his manhood

once more. But he’s not ready to enter her yet, he wants to taste her cunt first.

Grace feels the same, she craves their moments of passionate lovemaking. And now tonight, more than any time before, she needs this feeling. She gasps feeling his thick shaft drive deep, then pulls back, deep then back again. His cock strokes her deep within, a climax rolls over her body like a warm Gulf of Mexico wave. Her cunt tightens around his cock, her toes curl, her nipples tingle, her ears buzz.

“*Let me undress you,  
now it is my turn  
to please you.*”

He keeps thrusting inside her, and with ever thrust another orgasm washes over her body in waves of pure pleasure.

He feels an orgasm forming deep down in his groin, his forty-two years old. It's been a while since he came two times in one night. Her cunt flexing around his aching member, causes him to release.

An intense orgasm rolls over his body, he floods her inner sex with the last of his hot cum. Grace cums too, her body shivers with pleasure, she holds him tight with her arms and her legs. Jacks cock throbs against her vaginal walls, he lays over her completely exhausted.
